Curriculum 640 – Architectural Technology (BS)

Students who are starting this program during the Spring semester should contact their Academic Department for assistance in choosing appropriate classes.

First Semester Courses:

FNAT 2333  Survey of Design
ARCH 1184  Design Fundamentals 1  (Register for Lecture and Lab)
FNAT 1303  Architectural History I
MATH 1034  College Algebra of Functions OR  (Per MATH Recommendation)
COMP 1503  Freshman Composition OR  (Per COMP Recommendation)
HIST 1113  Hist of West Civil Since 1648

*Entry level of student into Math and Composition/Literature sequences is a function of a student's high school preparation and Mathematics and English placement examinations.

Students not recommended to take MATH 1033 (or above) and COMP 1503 will not be able to register for ARCH 1184. Students not recommended to take COMP 1503 will not be able to register for FNAT 1303.

Students that start at a lower level of Math or English than what is identified in the typical eight-semester program must be aware that it may extend their program unless they take additional course work during the summer or over breaks.

Math through Technical Calculus I must be completed. Students who start at a higher level in Math must meet all SUNY General Education and campus Liberal Arts and Science course credit requirements for graduation.

NOTE: Please register for your core courses first then fill in with MATH and COMP according to your placement test.
