Recertification Information for NY Construction Materials Association QCQA Technician Certification 2017

The option for recertification is for a currently certified person to take the written test only if the certified person has been tested by an IAST 2 times in the 5 year certification period. One of these tests by an IAST needs to be in the 2 years prior to recertification. The IAST records will be based upon NYSDOT records. Please contact Tammy Woods Edwards at 607-587-4017 to ensure you are on the IAST approved list before sending in your registration.

Recertification cost is $395 and includes the study manual.

Choose one of the following dates/locations:

- March 15, Latham, NY
- March 17, Campbell Hall, NY
